

Antrim

Reference ERA20/21-09
Project Type Afforestation
Location Dunore Point, Antrim
Grid Reference J 12911 83181
Area 10.89ha
Project Description Planting of native woodland
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-15
Project Type Afforestation
Location Moycraig Lower, Dervock
Grid Reference D 00724 32984
Area 51.52ha
Project Description Planting of mainly conifers
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-43
Project Type Afforestation
Location Tavanaghboy, Ballycastle
Grid Reference D 13534 37027
Area 4.57ha
Project Description Planting of mainly broadleaves
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal. This proposal will enhance and extend the woodland interest on the adjacent Site of Local Nature Conservation Importance (SLNCI) and ancient woodland site.

Reference ERA20/21-44
Project Type Afforestation
Location West Division, Greenisland
Grid Reference J 36932 86514
Area 7.64ha
Project Description Planting of mainly broadleaves
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-46
Project Type Afforestation
Location Skerry East, Newtown Crommelin

Grid Reference D 13921 18813
Area 5.29ha
Project Description Planting of mainly broadleaves
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-50
Project Type Afforestation
Location Glenstaghey/ Knocksoghey, Ballintoy
Grid Reference D 06025 44176
Area 3.13ha
Project Description Planting of mainly broadleaves
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-52
Project Type Afforestation
Location Redhall, Ballycarry
Grid Reference J 45429 95021
Area 9.19ha
Project Description Planting of mainly broadleaves
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-67
Project Type Afforestation
Location Ballyhackett, Larne
Grid Reference D 34749 406848
Area 3.31ha
Project Description Planting mainly of broadleaves
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal

Armagh

Reference ERA20/21-30
Project Type Afforestation
Location Lisnagade, Scarva
Grid Reference J 07861 44318
Area 5.25ha
Project Description Planting of mainly broadleaves
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-31
Project Type Afforestation
Location Cloncore, Portadown
Grid Reference H 94745 59838

Area 5.25ha
Project Description Planting of mainly broadleaves
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-29
Project Type Afforestation
Location Clay, Keady

Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-58
Project Type Afforestation
Location Drumanure, Derrygonnelly
Grid Reference H 11639 49737
Area 11.43ha
Project Description Planting mainly conifers
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Londonderry

Reference ERA20/21-22
Project Type Afforestation
Location Carnafarn, New Buildings
Grid Reference C 43399 10820
Area 7.65ha
Project Description Planting of mainly broadleaves
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-23
Project Type Afforestation
Location Carnafarn, New Buildings
Grid Reference C 43640 10654
Area 3.44ha
Project Description Planting of mainly broadleaves
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-28
Project Type Afforestation
Location Durnascallon, Desertmartin
Grid Reference H 85140 90443
Area 9.3ha
Project Description Planting of mainly broadleaves
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-40
Project Type Afforestation
Location Cumber, Claudy
Grid Reference C 53745 06571

Area	3.89ha
Project Description	Planting of mainly broadleaves
Opinion	Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.
Reference	ERA20/21-41
Project Type	Afforestation
Location	Gortmore, Downhill
Grid Reference	C 70815 33445
Area	6.18ha
Project Description	Planting of mainly broadleaves
Opinion	Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.
Reference	ERA20/21-25
Project Type	Afforestation
Location	Tirkane, Maghera
Grid Reference	C 82590 03801
Area	3.39ha
Project Description	Planting of mainly broadleaves
Opinion	Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.
Reference	ERA20/21-26
Project Type	Afforestation
Location	Tirkane, Maghera
Grid Reference	C 82293 03839
Area	4.96ha
Project Description	Planting of mainly broadleaves
Opinion	Relevant. A significant area consists of purple moor grass and rush pasture priority habitat. An environmental statement is necessary to fulfil consent requirements.
Reference	ERA20/21-37
Project Type	Afforestation
Location	Gortilea, Claudy
Grid Reference	C 56193 11136
Area	4.05ha
Project Description	Planting of mainly conifers
Opinion	Relevant. Potential for impact on breeding waders within the wider area given the high usage by priority species such as the curlew in the past. An environmental statement will be necessary to fulfil consent requirements.
Reference	ERA20/21-38
Project Type	Afforestation
Location	Gortilea, Claudy
Grid Reference	C 55975 11325
Area	9.41ha
Project Description	Planting of mainly conifers

Opinion Relevant. Much of the area consists of blanket bog priority habitat. An environmental statement will be necessary to fulfil consent requirements.

Reference ERA20/21-55

Project Type Afforestation

Location Knockoneill, Swatragh

Grid Reference C 80981 08212

Area 3.41ha

Project Description Planting of mainly broadleaves

Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-56

Project Type Afforestation

Location Gortgarn, Dungiven

Grid Reference C 72296 12904

Area 12.86ha

Project Description Planting of mainly conifers

Opinion Relevant. An area of purple moor grass and rush pasture priority habitat occurs within the site. An environmental statement is necessary to fulfil consent requirements.

Reference ERA20/21-60

Project Type Afforestation

Location Castleroe, Coleraine

Grid Reference C 86536 29516

Area 9.85ha

Project Description Planting of mainly broadleaves

Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-63

Project Type Afforestation

Location Glenleary, Coleraine

Grid Reference C 85717 28575

Area 5.1ha

Project Description Planting of mainly broadleaves

Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-66

Project Type Afforestation

Location Altaghoney, Claudy

Grid Reference C 54493 01593

Area 3.74ha

Project Description Planting of mainly broadleaves

Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Tyrone

Reference ERA20/21-14
Project Type Afforestation
Location Cloghcor, Strabane
Grid Reference C 36841 03433
Area 15.18ha
Project Description Planting of mainly conifers
Opinion Relevant. This site lies adjacent to a wet woodland Area of Special Scientific Interest (ASSI) and mostly consists of deep peat (>50cm depth). The impact of this project on soil carbon needs to be addressed in an environmental statement to fulfil consent requirements.

Reference ERA20/21-19
Project Type Afforestation
Location Crouck, Greencastle
Grid Reference H 63242 85160
Area 3.13ha
Project Description Planting of mainly conifers
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-24
Project Type Afforestation
Location Meaghy, Drumlegagh
Grid Reference H 32469 83780
Area 9.52ha
Project Description Planting of mainly broadleaves
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-35
Project Type Afforestation
Location Tullymuck, Mountjoy
Grid Reference H 37466 79480
Area 12.96ha
Project Description Planting of mainly conifer woodland
Opinion Not relevant. No priority habitats, species or features of cultural interest will be affected by this proposal.

Reference ERA20/21-39
Project Type Afforestation
Location Tattymoyle Middle, Fintona
Grid Reference H 41054 56043
Area 6.0ha
Project Description Planting of mainly conifers
Opinion Relevant. Priority habitat occurs over a significant part of the site and

some areas of deep peat are to be planted. An environmental statement will be necessary to fulfil consent requirements.

Reference	ERA20/21-57
Project Type	Afforestation
Location	Altdrumman, Loughmacrory
