Safer Journeys to School Bus Driver Survey

For the attention of bus drivers and managers,

The Department for Infrastructure (DfI) is committed to ensuring that children and young people travel safely to and from school. As part of the Safer Journeys to School Programme, DfI is examining how pupil safety can be improved, particularly when getting on and off buses.

We would ask you to please complete the survey found in the link below, to help us better understand where the key safety risks arise and how best to address them.

Your feedback is very important.

Yours faithfully,

The Safer Journeys to School team
