## About the Awards

Social work is a unique profession because it empowers individuals, families and communities, working alongside them to address social issues and promote positive change. Through advocacy, support and practical help, we hold close to our social work values every step of the way. The Regional Social Work Awards 2026 are an opportunity to celebrate this commitment by 'Shining a Light on Excellence in Social Work', recognising the everyday impact of social workers across Northern Ireland.

Social work in Northern Ireland is shaped by the region's distinct history, meaning the profession often works within and responds to the out-workings of a post-conflict society. Northern Ireland is like nowhere else in the islands of the UK and Ireland, with a unique culture and social challenges. In this context, social workers play a crucial role in promoting wellbeing, strengthening communities and championing social justice, and these Awards provide a platform to bring that excellence into view.

Despite, or perhaps because of, the significant challenges faced by the people of Northern Ireland, we are a resilient society with a strong sense of fairness, identity and social justice. The Regional Social Work Awards 2026 aim to 'Shine a Light on Excellence in Social Work' across all sectors, recognising outstanding practice and the positive difference it makes to people's lives. The Awards also celebrate the tenacity and creativity of individuals and teams who keep showing up, day after day, to support, advocate and deliver meaningful change in their own unique way.

This year there will be six awards drawing on the theme of 'Shining a Light on Excellence in Social Work'. Applications for all awards must be made online. Details of the awards categories, guidance on how to apply and a link to the online application form is available in this information booklet.

Shortlisted finalists will be invited to the Regional Social Work Awards 2026 ceremony which will be held on Friday 4<sup>th</sup> December in Belfast City Hall.

## **Judging criteria for the Social Work Awards 2026**

There are six award categories in the 2026 Regional Social Work Awards (criteria are listed in detail overleaf). The judging panels will be chaired by senior representatives responsible for promoting high standards of social work in Northern Ireland. Panel members will include service users, social workers, social work academics and members of BASW NI.

In all the award categories, the judges will be looking for evidence of the individual or team's achievements as it corresponds to the award category and criteria. The application must demonstrate what is excellent about their social work practice and the positive impact on individuals, groups or communities they work with. Quotes and testimonies from service users, carers and other professionals strengthen a submission but should not be the whole submission.
